Understanding the Concept of a Construction Quotation

A construction quotation is a formal document provided by a contractor or service provider that outlines the estimated costs for executing a specific construction project or part of it. It serves as a preliminary financial proposal, reflecting the scope of work, materials, labor, and other associated expenses.

1. Project Details

- Client Information: Name, address, contact details.

- Location: Site address and relevant geographical data.
- Quotation Date and Validity: Date issued and the period during which the price remains valid.

- Ensure all quotes include the same scope.

2. Quality and Material Standards
